CORPORATE OVERVIEW

Mission-focused execution from Bend, Oregon.

Headquartered in Bend, Oregon, Pinnacle Federal Group (PFG) is a mission-focused prime contractor engineered to support defense, intelligence, and civilian government customers with disciplined program execution, responsive logistics, infrastructure support, materials sourcing, technical sustainment, training, and professional services.

Our operating methodology drives consistent mission success by understanding the mission, assembling the right team, controlling cost and schedule risk, communicating with transparency, and executing with discipline.

UNDERSTAND THE MISSION	ASSEMBLE THE TEAM	CONTROL RISK	COMMUNICATE CLEARLY	EXECUTE FLAWLESSLY
---------------------------	----------------------	-----------------	------------------------	-----------------------

CORE COMPETENCY PILLARS

Integrated capabilities. Accountable execution.

PROGRAM, PROJECT & TECHNICAL CONSULTING Programmatic and operational consulting informed by federal acquisition and defense lifecycle experience. - Program management: Lifecycle tracking, risk mitigation, QASP alignment, and strategic execution. - Management consulting: Planning, organizational design, process reengineering, and FAR-aligned optimization. - Scientific and technical: Subject matter expertise, field engineering compliance, and data-driven analysis. - Mission analysis: Requirements, performance metrics, acquisition strategies, and COOP continuity.	INFRASTRUCTURE, CONSTRUCTION & CIVIL ENGINEERING Construction, specialized trades, and facility lifecycle support for secure government and institutional environments. - General contracting: Vertical construction, modernization, and structural modification. - Building systems: Electrical, mechanical, HVAC, plumbing, and structural trades. - Facilities operations: Base operations support, maintenance, energy, and physical plant support. - Site logistics: Environmental, janitorial, grounds, waste, and civil site services.
LOGISTICS, SUPPLY CHAIN & MISSION TRANSPORTATION Freight orchestration, physical distribution, and logistics planning for responsive mission delivery. - Multimodal freight: Broker and carrier coordination for road, air, and rail movements. - Distribution consulting: Warehousing, inventory, material handling, and fulfillment optimization. - Tactical coordination: Lifecycle tracking, routing, contingencies, and mobilization management. - National support: Scalable, compliant networks for continuous federal operations.	INTEGRATED MISSION, TECHNICAL & TRAINING SUPPORT Cross-functional technical, facilities, logistics, and workforce readiness support under one framework. - Operational integration: Unified technical, logistics, facilities, and program workflows. - Training support: Curriculum, instruction, simulations, and scalable workforce development. - Technical field support: On-site operations, engineering, help desk, and stakeholder engagement. - Readiness: Maintenance, asset optimization, and continuous mission support.

ADVANCED CAPTURE CAPABILITIES

SEBARYX (SBX): AI-POWERED CONTRACT INTELLIGENCE

PFG leverages SEBARYX, our proprietary internal contract-intelligence platform, to monitor, analyze, and navigate the public procurement landscape.

AI-Driven Opportunity Synthesis
Scans federal pipelines, identifies timeline changes, interprets amendments, and tracks agency budgets.

Predictive Match Analysis
Evaluates solicitations against PFG capabilities, compliance requirements, and partner alignment.

Optimized Capture Workflows
Structures pre-proposal tracking and workshare planning for low-risk, competitive teams.

CONNECT WITH A DISCIPLINED PARTNER

Built to team for the requirement across defense, intelligence, and civilian missions.
